Preview a novel range of accessories Swiss made.

LIGHT OPENS NEW DOORS AND ILLUMINATES HIDDEN LIFESTYLE PRODUCTS

The innovation and contemporary creativity of the Swiss company, E. Lang SA, has lead to the development and the production of some completely new accessories.
Through over 70 year experience in the sector, handles, door handles and bath accessories are put in a new light.

Thanks to thousands of white and coloured Crystallized™ Swarovski Elements every piece turns from anonymous furniture of daily use into an unique and scintillating object to admire. Every item is different and can be customized upon your desire. The finishing is either gold or chromium plated and all the items are original and certified.

Jewellers, Boutiques, Spa' Centres, Yacht producer as well as anyone wishing to reinvent these accessories in a stylish way are ideally the end-user of these gadgets.

Brand new in our product line KristalLang® are:
Kristal Light, the handle with inside lightening and remote control, and Kristal Music, the handle with music inside.
